ABOUT YOUR DENTAL INSURANCE

We are committed to providing you with the best possible care. Our practice depends upon reimbursement from our patient for the cost incurred for their care. If you have dental insurance we are anxious to help you receive your maximum allowable benefits. In order to achieve these goals we need your assistance and your understanding of our payment policy.

Payment for services is due at the time services are rendered including insured person's portion, unless payment arrangements have been approved in advance by our business staff. For your convenience we accept cash, check, American Express, Master Card, Visa and Discover. We are happy to help you process your insurance claim forms at no additional cost; however, we must have your complete insurance information at your first visit for new patients. For existing patients we ask that you be aware of any changes with your Dental insurance, and that you notify us immediately.

Balances older than 60 days regardless of insurance benefits will be subject to an interest charge of 1.5% per month, unless prior arrangements have been made.

Checks returned by the bank for any reason will be subject to a \$35.00 charge and balance on account will be subject to an interest charge of 1.5% per month.

We will gladly discuss your proposed treatment and answer any questions relating to your insurance. We ask your understanding that:

- Your insurance is a contract between you, your employer and the insurance company. We are not a party to
 that contract.
- 2. Our fees are generally considered to fall within the acceptable range by most companies, and therefore, are covered up to the maximum allowance determined by each carrier. This applies only to companies who pay a percentage (Such as 50%, 80%) of "U.C.R." this means that the fees fall into the range that is usual, customary, and reasonable by most companies. (This statement does not apply to companies who reimburse based on the arbitrary "schedule of fees", which bears no relationship to the current dental standards and cost of care in this area of the practice).
- Not all services are a covered benefit in all contracts. Some insurance companies arbitrarily select certain services they will not cover.

We emphasize that as dental health care providers our relationship is with you, not your insurance company. We emphasize the importance of each patient understanding their insurance benefits, for it is impossible for our business staff to guarantee what your insurance carrier will reimburse.

While filing insurance claims is a courtesy that we extend to our patients, all charges are your responsibility from the date the services are rendered. We realize that temporary financial problems may affect timely payment of your account. If such a problem should arise, we ask you contact us immediately.

If you have any questions about the above information, or if our business staff can be of assistance, please of	io not
hesitate to ask us. We are here to help you. If you have any uncertainty regarding insurance coverage, we	
encourage you to contact your insurance carrier, or consult your human resource department immediately.	

I understand and agree that (regardless of my insurance coverage) I am responsible for the balance on my account for any services rendered. I have read all of the above information and understand and agree to the content.
